# FOUR DELEGATES-AT-LARGE FROM KANSAS GLI STRICT ROOSEVELT INSTRUCTIONS

Opposition Forces Meet With at Every Turn in State Convention—William Allen White Indorsed for National Committeeman Unofficial Returns Indicate Taft Defeat in Texas But Managers Claim Delegation

INDEPENDENCE, Kan., May 8.—Adopting strong resolutions favoring the entire Progressive movement and leaving out the time honored custom of laudatory planks in praise of state and national officials, the Republican state convention today named four delegates-at-large to the national convention with ironclad instructions for Theodore Roosevelt for president. The delegates-at-large are:

Henry J. Allen, Wichita; Ralph A. Harris, Ottawa; Ansel Clark, Sterling, and John M. Landon, Independence.

William Allen White of Emporia was indorsed for national committeeman.

From the minute the convention opened, the 104 delegates bearing instructions for Taft, were working to get through some of the things they desired, but the Roosevelt majority of 790 was too great.

The first attempt the Taft men made was when the resolutions committee sought in a report endorsing the record of Senator La Follette, the candidacy of William Allen White for national committeeman and instructing the delegates-at-large to vote for Roosevelt.

Stephen Walker of Columbus, a Taft delegate arose after the resolutions had been read and moved that the portion indorsing Senator La Follette be stricken and that David W. Mulvane be indorsed for national committeeman.

Walker's motion was lost only getting 194 votes. The resolutions committee report then was adopted as read.

Before the delegates-at-large were chosen A. M. Harvey of Shawnee, former lieutenant governor of Kansas and a Taft delegate asked that he be given 15 minutes to make a speech. A motion to permit him to do so was defeated, but finally he was given the floor for five minutes.

I came up here to ask one thing, said Harvey. That is that when President Taft is renominated, you fellows get out and work and vote for him. No, no, we won't, shouted a delegate.

The convention was in an uproar for a minute.

Never mind boys, said Governor Stubbs the chairman. We'll fix that after when we nominate Roosevelt.

There was no rushing through of the big four. Each one professed for membership was voted upon separately.

Early today a telegram addressed to the convention was received from Senator Dixon, manager of the national Roosevelt bureau, urging the convention to name United States Senator Bristow and Governor Stubbs on the "big four." Bristow, when from Washington again that he would not permit himself to be named adding that the office holders should keep off the big delegation and give place to the workers.

Governor Stubbs was in his district for several days so to remain off the delegation.

Dixon Urges Bristow and Stubbs

In his telegram Senator Dixon urged the necessity of the attendance of Bristow and Stubbs on the floor at Chicago, declaring their attendance would do much for the Roosevelt candidacy.

The resolutions presented to the convention follow:

The resolutions that will be presented to the convention follow:

To the Republicans of Kansas in convention assembled for the purpose of electing and instructing delegates and alternates to the national Republican convention to be held at Chicago, June 18, 1912, and presidential electors hereby reaffirm our faith in the principles of our party as enshrined in its former state and national platforms and as crystallized in law by Republican statesmen.

New social industrial and commercial conditions have brought new problems before the world making us a nation in politics. Our party must meet the new issues as it has met the old ones in a spirit of courage and determination that inspired Lincoln, Grant and McKinley. We must not falter in the first solution of new problems leads us into new paths.

Bids All Work for Common Cause.

We therefore instruct the delegates to the national Republican convention to for a national Republican platform that will square meet and grapple with new problems, and to the best light that our knowledge of our new conditions will permit.

We also instruct the delegates to the convention to vote in the Progressive delegates in the convention to the end that there may be no division of activities among

humanitarian, and by military means those activities which promote the physical fitness of the personnel and consequently the efficiency of the fleet.

As soon as the battle is over comprehensive measures for relief should be undertaken.

Surgeon General Tamm of the United States army, declared that even in time of peace the personnel of the army medical department has never been adequate for the needs of the service, wherefore, it would be necessary for the war department in time of war to accept aid such as that offered by the Red Cross.

The economy of time is the only one that counts in time of war when minutes may be worth millions.

declared Dr. Parkes of the Austria-Hungary in urging uniformity, simplicity and quickness of adaptability as the ideals to strive for in Red Cross military war equipment.

# ARCHBALD WAS A SILENT PARTNER SAT IN CASE WHILE SECURING OPTION

Coal Dealer Who Worked With Jurist Tells House Committee of Deals

WASHINGTON, May 8. Charges against Judge Robert W. Archbald of the commerce court were unfolded today before the house committee on judicial proceedings, which is to determine if impeachment proceedings shall be brought against the jurist.

How Judge Archbald, in partnership with Edward J. Williams, a Scranton coal dealer, while deliberating as a judge on the "lighterage cases" to which the Erie railroad was a party, is alleged to have negotiated an option from that railroad for 42,000 tons of coal property to be sold at a \$12,000 profit, was related to the committee by Williams, himself.

Judge Archbald, accompanied by his two sons and his counsel, A. S. Worthington, heard the testimony and occasionally looked at photographic copies of letters bearing on the case—one of them a letter in which the judge told of his connection with the coal bank negotiations.

In addition to that transaction Williams told of another deal in which he said Judge Archbald acquired an interest with him in an option on 1,000,000 acres of Venezuelan timber land for which the judge gave a note for \$500.

Had Case Up Before Archbald.

Williams tried to discount this note with C. J. and W. P. Boland of the American Coal company of Scranton, who at that time had a case pending before Judge Archbald in the federal court. The Bolands refused to discount the note and later lost their case.

Williams admitted telling W. P. Boland that if he had discounted Judge Archbald's note, the case might have resulted differently, but he denied that Judge Archbald knew anything of his making such a remark to Boland.

Williams related how the option for the coal bank property was negotiated from officers of the Erie railroad and told how a sale for the property was negotiated and that he and Judge Archbald were to divide the profit.

Judge Archbald, during the negotiations with the Erie told that the lighterage case was then before his court. Williams said.

When Williams was first called to the stand and told of the transaction involving Judge Archbald's note for \$500 and the case in his court in which the Bolands were interested, Chairman Clayton produced a photograph of a letter signed by Williams in which he had said he told W. P. Boland he had discounted Judge Archbald's note.

The case of John W. Peel vs. the Marion Coal company, in which the Bolands were interested would not have been decided against them.

Makes Dramatic Denial.

The letter was read to Williams and he said dramatically:

"I can swear before God that those words never came from me."

"Did you sign this letter?" asked the chairman.

"Yes, that is my signature, but I signed it without looking at it. I did not know those words were there."

Chairman Clayton read a copy of the option given Williams for the coal bank by John W. Robertson for \$3,500, which was dated September 4, 1911.

After the execution of the Robertson option, did you make assignment to W. P. Boland and a "gentle party" whose name was known only to you, Boland and a few others, of two-thirds of the property?" Mr. Clayton asked.

Yes I did, said Williams. This assignment was made before I ever got the coal. William P. Boland had withdrawn because Robertson told me if Boland was in the deal I could not get the coal. I went and told Arch-

(Continued on Page Three.)

W. P. KINNEY HEADS NEW SCHOOL BOARD

After transacting routine business and allowing the regular monthly bill, the old school board went out of existence last night, and the new board, consisting of the same members was formally organized.

W. P. Kinney succeeds C. H. Dudley as president, and Mrs. A. L. Mowry is vice president in place of Dr. G. D. Kennedy. No action was taken regarding other officers, and it is supposed that Treasurer A. G. Sharp and Secretary Wm. A. Amsel will continue in their offices.

The term of J. J. Eubank, the fifth member of the board, would ordinarily have expired last night, but owing to the state law no school election will be held this year, and it was the opinion of the board's attorney that Eubank may legally hold over until 1913.

Next year two directors will be elected, and two will be elected each year thereafter. After the 1917 election, the board will consist of six members.

The new high school plans, together with the proposed closing of Cheyenne avenue, were discussed, but no further action was taken.

A committee of residents near the Helen Hunt school requested an addition to the school building, and the matter will be taken up at a later meeting of the board.

The committee in charge was not ready to report on recommendations for teachers next year, and this problem will come up at a meeting next week. Another meeting may be held this week to discuss the high school question.

# BURNS OPENING HITS ROOSEVELT AND DEMOCRATS DEFEATED PEACE TREATIES TAFT ALLEGES

Appeals to Negro Voters on Subject of Recall Judicial Decisions

COLUMBUS, O., May 8. President Taft charged here tonight that the Democratic party in the senate were responsible for the manipulation of the arbitration treaties with Great Britain and France, and that in consequence of the action in the senate these treaties were made "wide steps toward universal peace would have been made."

For some reason unknown to me, Mr. Roosevelt opposed these treaties and by these means who supported that position, Mr. Taft said. Mr. Dixon and the Democratic votes in the senate these treaties were made "wide steps toward universal peace would have been made."

Mr. Taft said that he had decided a step toward a universal peace treaty to which any nation in the world would resort in order to solve a dispute that it might have with any other nation, and until we get a universal peace treaty, war will not disappear.

Charges Misrepresentation.

Mr. Taft's Memorial hall address was the last he held in his present position through his home state. He continued his attack tonight on the Roosevelt administration, and the Democratic party in the senate.

## WAR VETERAN A MURDERER

Capt. W. T. Stanley, Aged 65, Kills  
James W. Minich, Aged 70, in  
Quarrel Over Homestead Claim.

STEAMBOAT SPRINGS, Colo., May 3.—James W. Minich, aged 70, a former resident of this city, was shot and killed last night by Capt. W. T. Stanley, aged 65, at Saunders Hole, near State Bridge, Eagle county.

The killing was done according to Stanley, because Minich attempted to "jump" an old homestead to which Stanley had laid claim, and which Minich, he says, intended dividing into summer resort lots.

John Wold, an eyewitness of the shooting, said today that the men had quarreled during the last few weeks over possession of the place and that Stanley approached Minich last night, shotgun in hand. His admission to Minich that he had come to establish his rights was met with the reply to "go ahead."

Without another word, Stanley fired both barrels and Minich dropped to the ground, dying a few minutes later. Stanley was arrested by Deputy Sheriff Miller of Red Cliff this morning, and Minich's body removed to that place. An inquest will be held tomorrow.

Minich lived here prior to his residence at Saunders Hole for 15 years. Twenty years ago he gained an enviable reputation for daring by passing the "rapids" in the Grand canon of the Colorado in Arizona on a raft. He was a brother of Daniel and Louis, both residents of this city.

Stanley is a veteran of the Civil war and a member of the G. A. R. He lived here 20 years before moving to State Bridge, six years ago.

## WANT GERMAN SOLDIERS AT WORLD'S EXPOSITION

BERLIN, May 3.—Brig. Gen. Clarence R. Edwards, who represents the army on the special commission of the Panama-Pacific International exposition, called on the war minister, General von Hertling, today, and expressed the hope that a detachment of German soldiers would be sent to the exposition.

## SECOND STRIKE IN FEW DAYS

LOWELL, Mass., May 3.—Five hundred members of the Industrial Workers of the World remained out of work today at the Merrimack Manufacturing company's mill, marking the beginning of the second strike in this city in the last few weeks.

## Children Poorly? Go To Your Doctor

Talk with your doctor about Ayer's non-narcotic Senna. Ask him if he prescribes it for pale, delicate children. Ask him if he recommends it when the blood is thin and impure, and when the nerves are weak and unsteady. Ask him if it aids nature in building up the general health.

## DALLAS NEXT MECCA

### OF IMPERIAL COUNCIL

E. A. Cutts, Savannah, Outer Guard—W. J. Cunningham, Baltimore, Potentate

LOS ANGELES, May 3.—The thirty-eighth annual convocation of the Imperial Council of the Mystic Shrine came to a close today with the selection of Dallas, Texas, as the 1913 mecca, the election of E. A. Cutts of Savannah, Ga., as imperial outer guard and the advancement of the other imperial officials by which officer William J. Cunningham of Baltimore, Md., at the head of the Shriners as imperial potentate. Notwithstanding the conclusion of the business of the convocation, the festivities will continue tomorrow and Friday.

There was no contest for the next meeting place, contrary to expectations, and the election of Cutts was made unanimous after he had secured a majority on the first ballot. Following are the new imperial officers:

William J. Cunningham, Baltimore, Md., imperial potentate.  
William L. Lewis, Wheeling, W. Va., deputy imperial potentate.  
Frederick R. Smith, Rochester, N. Y., imperial chief rabbin.  
J. Putnam Stevens, Portland, Me., imperial assistant rabbin.  
Henry P. Neidingerhaus, Jr., St. Louis, imperial high priest and prophet.  
Charles E. Ovenshire, Minneapolis, Minn., imperial oriental guide.  
William S. Brown, Pittsburg, Pa., imperial treasurer.  
Benjamin W. Rowell, Boston, imperial recorder.  
Ellis J. Jacoby, Indianapolis, Ind., imperial first ceremonial master.  
W. Freeland Kendrick, Philadelphia, imperial second ceremonial master.  
Ellis L. Garrison, Tacoma, Wash., imperial marshal.  
William J. Matthews, New York city, imperial captain of the guard.  
Ernest A. Cutts, Savannah, Ga., imperial outer guard.

**Reduces Representations.**  
Charters were granted to Parkersburg, W. Va., and Nashville, Tenn., and a dispensation was granted to East St. Louis, Ill. Applications to Montgomery, Ala., Grand Island, Neb., Itasca, Va., and Fort Smith, Ark., were denied. It was decided to grant no more charters except when an application has 400 signatures and no temple to reduce its membership below 1,000. Representations in the imperial council was reduced about one-third.

At the time of next year's convocation at Dallas was fixed at May 13 and 14, Cincinnati, but in a bid for the 1914 convocation and San Francisco 1915.

For the first time in the history of the imperial council honorary members were elected today. They were John L. Hunter of Dallas, Tex.; Preston Delvin of Richmond, Va.; J. Harry Lewis of St. Paul, Minn.; and T. P. Beecher of Bridgeport, Conn. Richard Lambert of New Orleans, 85 years old, who had attended 21 successive councils, was made a member emeritus.

Poor appetite is a sure sign of impaired digestion. A few doses of Chamberlain's Stomach and Liver Tablets will strengthen your digestion and improve your appetite. Thousands have been benefited by taking these Tablets. Sold by all dealers.

## DENVER OUTDOES PARIS IN RACE SUICIDE SAYS PRIEST

DENVER, May 3.—Father Bernard Vaughan, the Mayfield Jesuit, shielded by the armor of Joan of Arc, in his thrust at the auditorium last night, thrust at the social "timbers," whose "vanity of pretense is a stench that sickens; whose desire to be honored by the mighty and worldly is their destruction."

The English priest reiterated his charge that Denver has outdone Paris in race suicide and that the city is "ignoring its death warrant and marching to the grave."

He read from statistics of the United States government and the Colorado state board of health to prove his charge of race suicide in Denver. He declared that if conditions are due to the physical fault of parents, the city is to be pitied, but if to moral fault, the parents must be condemned.

He hoped that men and women of Denver would face realities and determine to blot out this defect. Referring to woman suffrage, Father Vaughan said he had read an open letter in one of the newspapers in which the good accomplished by woman suffrage in this state was detailed. He said he had spoken in the abstract and not in the concrete, but that if conditions here are as the writer described, Colorado would let the whole world know of it so that good work might go on.

Father Vaughan said these things before beginning the subject matter of his lecture. The lecture on Joan of Arc was a masterpiece of language, enunciation, gesture and reason. It was more than a lecture. It was a sermon, with the maid of Orleans as the text. He has the faculty of interrupting his lecture to tell a humorous story, point a moral or "put it all over" the shame of society. He uses slang of the familiar American kind when he wishes to be specially impressive.

## PREPARING FOR HOLY WAR

PARIS, May 3.—The call for all Moslems to participate in a holy war which was launched at the start of the Turco-Italian war, is according to the correspondent of the Temps in Tunis, secretly enveloping all Islam and moving steadily from tribe to tribe in every Mohammedan country.

## The Finest Enamel Champleve

of unusual attractiveness is this beautiful delicate enamel. Among the different things we show in this enamel are: engraved-velvet pins, dress pins, scarf pins, cuff buttons, belt buckles and many other things. Your admiration will be as great as is ours after you have seen a piece of Champleve Enamel.

## MORE TALES OF MEXICAN CRUELTY TO AMERICANS RELATED BY A REFUGEE

NEW ORLEANS, May 3.—"There has been far more murder and persecution of Americans in Mexico than the papers in the United States have told of," said J. C. Walker of England, who arrived here today on the steamer City of Mexico from Vera Cruz with 25 other passengers.

He said that most atrocities are committed by bandits, but frequently bands of Mexicans styling themselves "revolutionists" murder and rob Americans and Englishmen.

One of the refugees said an American woman near Vera Cruz recently was compelled to witness the execution of her husband. The victim was first strung up by the thumbs, the fingers of both hands later being amputated, after which one of the torturers severed his head with a machete.

## CONFEDERATE VETERANS TO JOIN G. A. R. CELEBRATION BATTLE OF GETTYSBURG

MACON, Ga., May 3.—The United Confederate Veterans annual reunion today accepted an invitation to join with the Grand Army of the Republic for the semi-centennial celebration in 1913 of the battle of Gettysburg. The invitation came in a letter from General Trimble, commander-in-chief of the G. A. R.

Other features of the day were the selection of Chattanooga, Tenn., as the next convention city and the crowning of Miss Mary Scandrett queen of the reunion.

"Tomorrow a commander-in-chief will be elected and the veterans will march in their annual parade," he generally conceded that Gen. Bennett R. Young of Louisville, Ky., will be elected to fill the place of the late Gen. George W. Gordon. Gen. Irvine Walker still is in the race but the delegations pledged to him are said to be outnumbered by those of the Louisville man.

Coleman hill, where Miss Scandrett was crowned queen, was the scene of Jefferson Davis' last speech to the soldiers of the confederacy.

The annual ball of the veterans took place tonight.

## FURNACE EXPLODES; 3 DEAD

CLEVELAND, O., May 3.—Three men were killed and 20 seriously injured shortly after midnight by an explosion at the central furnace of the steel works of the Republic Steel corporation. It is thought some of the injured will die.

The explosion occurred when a furnace was being cleaned out preparatory to closing for the night. It is thought to have followed contact of a workman's torch with an accumulation of gas.

## CHEER FIGHTING CAVALRY

SAN FRANCISCO, May 3.—A feature of the review at the Presidio today by Secretary Knox was the presence of two troops of the First cavalry, recently returned from the Philippines, where the regiment sustained heavy losses and achieved the sobriquet of "Devils on Horseback" from constant fighting.

As the thinned formations trotted past, they were singled out by the thousands of spectators for applause and cheers.

## Advises Women to Quit Pink Teas and Get Down to Work

WICHITA, Kan., May 3.—"Women are people" read a banner carried at the head of a parade of the Kansas Equal Suffrage convention here this afternoon.

Miss Jane Addams spoke to a large open air audience from the steps of the postoffice building.

"Suffrage for women is no longer a question of right or wrong," declared Miss Addams this afternoon. "It has reached the point of a practical expedient, proven a success by sufficient trials. Women have used the ballot wisely and effectively in municipal elections for a long time. They will do as well if given the national franchise."

At the forum this morning, advised the women to "quit pink teas and get down to work, or suffrage will fall in Kansas."

"We have our greatest work to do among the farmers and laboring classes," she added.

## KNOX TO LOS ANGELES

Makes Trip in Special Train After Busy Day as Guest of Exposition Officials

SAN FRANCISCO, May 3.—Secretary of State Knox spent a busy day as the guest of the Panama-Pacific Exposition officials. He reviewed a parade of nearly 5,000 troops at the Presidio and was taken over the exposition grounds, where he participated in the dedication of the site selected for Hawaii. The secretary was escorted by a military band and by a troop of cavalry.

In the afternoon Mr. Knox attended a reception in the University club, the hosts being members of the Sigma Alpha Epsilon fraternity. In the evening the secretary was entertained at the Union League club. Later he left on a special train for Los Angeles.

## WOMAN ASSERTS THAT MEAT INSPECTION LAW AFFECTED

WASHINGTON, May 3.—The Rev. Caroline Barrett Crane of Michigan told the house committee on expenditures in the agricultural department today how, in her opinion, the meat inspection law had been violated by regulations of the bureau of animal industry.

Mrs. Crane appeared in support of the resolution of Representative Nelson of Wisconsin, which asks for a congressional inquiry into the administration of meat inspection laws.

Mrs. Crane made no specific charges of fraud against any packer. She said she knew of no substitution of diseased meat for wholesome meat, passed by the inspectors. Her only contention was that under the regulations it was possible for the packers to defraud the people and that these same regulations reduce the protection to the public afforded by the law.

## Confederate Veterans to Join G. A. R. Celebration Battle of Gettysburg

MACON, Ga., May 3.—The United Confederate Veterans annual reunion today accepted an invitation to join with the Grand Army of the Republic for the semi-centennial celebration in 1913 of the battle of Gettysburg. The invitation came in a letter from General Trimble, commander-in-chief of the G. A. R.

Other features of the day were the selection of Chattanooga, Tenn., as the next convention city and the crowning of Miss Mary Scandrett queen of the reunion.

"Tomorrow a commander-in-chief will be elected and the veterans will march in their annual parade," he generally conceded that Gen. Bennett R. Young of Louisville, Ky., will be elected to fill the place of the late Gen. George W. Gordon. Gen. Irvine Walker still is in the race but the delegations pledged to him are said to be outnumbered by those of the Louisville man.

Coleman hill, where Miss Scandrett was crowned queen, was the scene of Jefferson Davis' last speech to the soldiers of the confederacy.

The annual ball of the veterans took place tonight.

## National Extravagance Is Being Checked by Postal Savings Banks

KANSAS CITY, Mo., May 3.—The opening of the postal savings banks in the opinion of Postmaster T. J. Atkins of St. Louis, who addressed the Southwest Postal association convention today, is having a decided tendency toward checking the national extravagance from which this country is suffering. Mr. Atkins believes this ultimately will be brought about by the fact that the savings in the banks and the consequent conversion into government bonds by the small depositor will give him the control of the bonded debt.

Several postmasters said they received many complaints because no "savings" could be started in the name of a child under 10 years old.

Joseph Stewart, second assistant postmaster general, said that within a short time aeroplanes would be employed by the postal department for the distribution of the mails. He said he had asked for \$50,000 to start with and that it was the intention to start the service in Arizona and New Mexico and later in parts of Alaska.

## WHOLESALE ARRESTS AFTER DISCOVERY EXPLOSIVES IN SAN DIEGO BASEMENT

SAN DIEGO, Cal., May 3.—The renewal of the campaign by police and citizens today against the industrial workers of the World brought about by the wounding of two policemen and the shooting of one of the agitators last night, resulted in the discovery of cache containing eight rifles and revolvers and two flasks believed to contain nitroglycerin, and the subsequent arrests of fifty men.

Joe Alkolash, the wounded industrial worker will die, according to reports at the hospital today. Every available policeman was put on the search and by 9 o'clock 30 arrests had been made. Every known rendezvous of the invaders in the lower part of the city was searched. The lodging houses near where the shooting occurred and in another section of the city which was known as a favorite resort of the hunted men were empty when the police arrived. After the shooting last night five men were found in the attic of a lodging house near the scene.

The supposed explosive was unearthed in the cellar of a lodging house on the outskirts of the downtown district. One of the rifles found in the same place was equipped with a Maxim silencer.

Scores of special policemen, citizens, United States sailors and marines aided in the search and it is believed to be the intention of the police to take every man seized to the outskirts of the town and send them across the desert with a final warning never to return. A writ of habeas corpus issued at the residence of Judge W. R. Guy of the superior court last night at the request of attorneys for the industrial workers directing the chief of police to produce in court members of the organization arrested yesterday in Oldtown and taken out of the city last night after the shooting by the citizens committee still was unanswered this morning. The chief was not at his office this morning and police officers would not admit they knew where he was.

Patrolmen H. C. Stevens and R. M. Heddon, who were shot last night are believed this morning to be out of danger. According to their statements today, about six men stepped from the shadow of the building and fired simultaneously.

## Agitators in Jail

RELLINGHAM, Wash., May 3.—Three industrial workers of the World agitators are in jail in Sumas today charged with having burned the \$15,000 plant of the Cline Lumber company early today. The men were permitted to sleep in the mill over night and about 6 o'clock this morning the fire broke out. The dry kiln and sheds were saved but the main part of the plant was destroyed.

## DECIDING BATTLE OF REVOLUTION EXPECTED INSIDE NEXT 24 HOURS

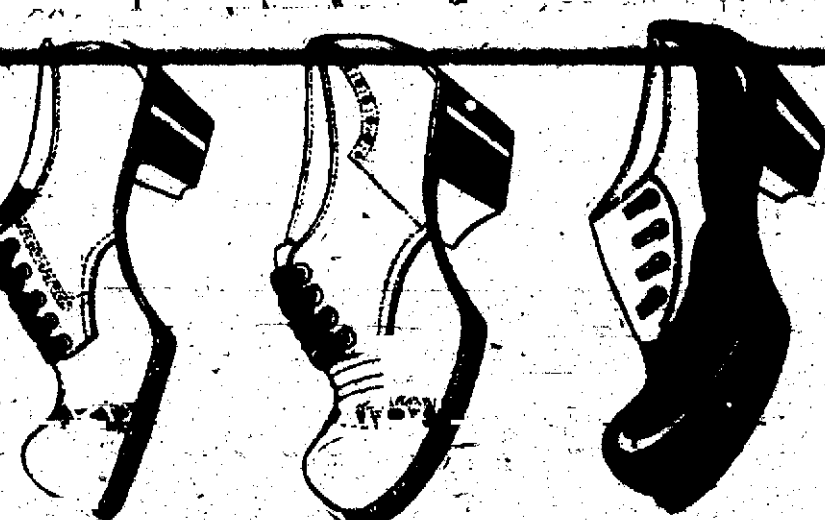

## OROZCO'S HEADQUARTERS NEAR ESCALON, Mex., May 3.

General Pascual Orozco today gave the order to his troops to advance on the federalists. The latter have been coming northward from Torreon. Within 24 hours the greatest body of rebels and government troops that in what is expected to be the turning point of the present revolution.

Two columns of 1,000 men each moved today along parallel lines east and west of the railroad to attack Bernalillo and Mapimi, towns not far distant from Torreon. The railroad gateway to central Mexico. These places are known to be well fortified. Supporting these columns from the rear, center are 4,000 men under Gen. Luis Fernandez and Colonels Caraveo and Amaya. Behind these is another large body of reserves. The general staff of the insurgents is 15 miles behind the advance guard which is near Peralta. The 15,000 column are moving slowly. Scouts likewise report a gradual advance of the federalists.

MEXICO CITY, May 3.—Amnesty has been offered to the rebels in the south in view of the approach of the time to plant the crops. A proclamation has been circulated throughout the states of Morelos and Puebla, urging the followers of Zapata to lay down their arms, and offering a 40 per cent reduction in land rentals to those who return to their homes.

MEXICO CITY, May 3.—The battle referred to in the Mexican dispatch is believed here to be that of Sunday, 15 miles west of Cuernavaca. No report of any battle in the vicinity of Escalon has reached here.

## FLOOD SITUATION IS MUCH IMPROVED

NEW ORLEANS, May 3.—Generally the flood situation in the lower Mississippi valley was much improved today. Another day of sunshine gave the workers on the levees some advantage and tonight reports are favorable as far as more breaks are concerned. Pitting rates of refugees continue to come in, however, from many sections.

There are 4,000 refugees at Baton Rouge. About 600 were taken there today from New Roads, whither they had been sent from the surrounding territory.

Citizens of Lusher today communicated threats to the governor's office that the tracks of the Yazoo and Mississippi Valley railroad would be torn up unless the gap in the Pontchartrain protection levee is closed. It required four days and nights of hard work to close the drainage gap and the job was finished early today, but the railroad gap is still open. The Lusher people say they would be inundated in the event of a break here if the protection levee should fail. The railroad company has kept open the gap to facilitate the transportation of supplies and labor necessary in fighting the high water here. They consider the stretch of 8,000 feet at Amesville, across the river from New Orleans, the only bad line of levee in the immediate vicinity of the city.

NEW ROADS, La., May 3.—It is believed by those in charge of flood relief work that practically all the marooned inhabitants in Pointe Coupee parish will have been rescued by the end of this week.

Texas & Pacific railroad officials say their road has transported about 7,000 persons from points along the upper part of the parish. The Texas & Pacific station at New Roads is crowded with white refugees waiting to be taken to the relief camp at Baton Rouge. Among them are four women who were rescued near Morganza. They had stood in water several feet deep for nearly three days, when boatmen reached them.

The waters from the Torres crevasse continue to spread over West Baton Rouge and Iberville parishes. The situation in the country between the main line and the Port Allen branch of the Texas & Pacific railroad is gloomy. The main line of the road is washed out in numerous places and

the inhabitants of the interior are cut off.

The government representatives have arranged to send a fleet of motor boats into that territory today. Lieutenant Weeks of the United States relief corps at Hatcher has given live stock speculators a hard blow. They have become so annoying in their effort to buy at low prices cattle brought in from the flooded country that the officer had ordered the soldiers to keep all speculators off the levee.

## TESTIFIES CONCERNING MISSING TRUST PAPERS

NEW YORK, May 3.—Further testimony to support the contention of the government that the American Steel and Wire company, one of the largest subsidiaries of the U. S. Steel corporation was an illegal combination was taken today when the hearings in the suit to dissolve the corporation under the Sherman antitrust act were resumed.

Harry A. Whitney testified concerning what he knew of the disappearance of the papers of the wire pool cases used as evidence before the federal grand jury and were returned to the steel corporation after the indictments were found. Whitney testified he had destroyed the papers last October or November on orders from Frank Baackes, vice president of the American Steel and Wire company. The orders were given when Baackes visited the Worcester plant, he said. He was told before he destroyed them to take them to the office of George A. Cragin, a Worcester official of the company, where they remained until the visit of Mr. Baackes, he said.

Among the papers destroyed, Whitney testified, were the minutes of the wire rope pool, the pool agreement and correspondence concerning its operations.

Judge Dickinson asked the witness if before the grand jury investigation into the destruction of the papers, Cragin or Baackes had consulted with him as to what he was to testify to. "Just before I went in to the jury," the witness testified, he went with Mr. Cragin to see Mr. Baackes, who said: "Do you remember your instructions as to the destruction of the papers?"

"I said," added Whitney, "you told me to destroy them." He said that he never told me any such thing. I told him that I would have to testify what I believed to be the truth if called to the stand.

## MOVEMENT FOR NATIONWIDE STRIKE

Publicists John Chicago  
Pressmen Want to Involve Entire Country

**ALLEGED MISREPRESENTATION**  
Charge Men Who Walked Out Use Misleading Statements to Gain Sympathy

CHICAGO, May 8.—Apparently beaten in their efforts to tie up Chicago newspapers, officers of the Web Pressmen's union according to a statement issued by the publishers tonight have started a movement for a nationwide strike of newspaper pressmen. This and charges by the publishers that the pressmen were using misleading statements in efforts to gain sympathy were the principal developments in the situation.

Although police remained on guard at newspaper offices and many news stands and accompanied distributing wagons about the city, today was the quietest since the trouble began. More papers were distributed and sold today and the publishers said they expected normal conditions before the end of the week.

The statement issued by the publishers follows:

The newspaper strike in Chicago shows evidence of approaching dissolution. Two body blows were given to the effort to tie up the entire industry when the mailers union by a vote of nearly 100 to 6 refused to go on a sympathetic strike and when the electropress union despite appeals from members of the strikers union declined even to vote on the proposition.

James J. Freely, president of the International Typographers and Electropress union continued his efforts to force the members to resume work and to call off the strike called in defiance of his age old orders.

Trying to Spread Strike.  
The officers of the Pressmen's union have started a movement to involve the entire country in the affair. Realizing that they have lost in Chicago they have been sending telegrams, letters and verbal communications from New York to Texas and Vermont to the Pacific coast ordering the pressmen to get ready for sympathetic strikes. They have also made appeals to various unions for financial assistance.

In some cities a small amount was voted in other cities they were told that the unions would not assent to assessments and that the Chicago pressmen would have to fight the battle themselves.

The orders for a general strike contained many misleading statements. They alleged that the American Newspaper Publishers' association was in a recent meeting in New York to start a war of extermination of union labor in newspaper offices of America. It was also set forth a fund of \$150,000 had been raised for this purpose and that the Chicago trouble was the first blow in the campaign.

No such fund was raised and no such war on unionism was anticipated. Mr. Elbert H. Baker, president of the Cleveland Plain Dealer, president of the American Newspaper Publishers' association today took cognizance of the situation and sent a letter to Mr.

Miss Ruth Eliot, news of whose engagement to Roger A. Eliot, son of a Boston doctor has just been received in America. Miss Eliot is secretary to Charles W. Eliot, president emeritus of Harvard University and with her mother is a very prominent and his secretary in their world tour.

George L. Perry, president of the International Pressmen's union, stating that the publishers' association had not contemplated any such movement, had not raised a fund and had not closed shops and had not engaged terms with the union.

**Urges Printers to Keep Out**  
Members of the International Pressmen's union held a meeting to consider the proposition to tie up the entire industry by a vote of nearly 100 to 6 refused to go on a sympathetic strike and when the electropress union despite appeals from members of the strikers union declined even to vote on the proposition.

International Pressmen's union, looking toward a strike, but not standing in the way of the strikers who are in the city. The publishers' association is in a position to start a strike if they so desired.

## HITS ROOSEVELT

(Continued From Page One)

that Roosevelt, I still love him to have. But to the statement that the union of the Supreme court is a standard one and America's only company was really. I have been in the city and the fact of the matter is that the union of the Supreme court is a standard one and America's only company was really.

**Tells Why Oil Went Up**

This statement was made by a man who said that the oil market was in a state of confusion. He said that the oil market was in a state of confusion and that the oil market was in a state of confusion.

Because the oil market was in a state of confusion and that the oil market was in a state of confusion.

## CRITICAL TIME OF WOMAN'S LIFE

From 40 to 50 Years of Age. How It May Be Passed in Safety.

Odd, Va.:—"I am enjoying better health than I have for 20 years, and I believe I can safely say now that I am a well woman. I was reared on a farm and had all kinds of heavy work to do which caused the trouble that came on me later. For five years during the Change of Life I was not able to lift a pail of water. I had hemorrhages which would last for weeks and I was not able to sit up in bed. I suffered a great deal with my back and was so nervous I could scarcely sleep at night, and I did not do any housework for three years."

"Now I can do as much work as any woman of my age in the county, thanks to the benefit I have received from Lydia E. Pinkham's Vegetable Compound. I recommend your remedies to all suffering women."—Mrs. MARIE L. HOLLOWAY, Odd, Va.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. We know of no other medicine which has such a record of success as has Lydia E. Pinkham's Vegetable Compound. For more than 30 years it has been the standard remedy for women's ills.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Backache and Kidney ache are Usually Inseparable. Some Colorado Springs People Are Learning How to Get Rid of Both.

Does your back ever ache? Do you feel weak and sore? Are you taking the common mistake of waiting it to pass away? To cure your backache you must cure the kidneys.

The pain may cease but it is sure to return. You may feel tired and worn-out all the time. Urinary troubles may annoy you, headaches and dizziness.

Make up your mind that kidneys need attention. Begin taking Doan's Kidney Pills at once.

Doan's have strengthened thousands of sick and worn kidneys. Have driven out kidney backaches for good.

No Colorado Springs reader can doubt the following statement. It is from a resident of this locality. Asa, Curly, N. Nevada Ave. Colorado Springs, Colo., said: "I was afflicted with kidney trouble and rheumatism for two years standing. Dr. Doan's Kidney Pills procured from the Butcher Drug Co. I am glad to endorse this remedy and I consider it the best one to be had for kidney trouble."

## ARCHBOLD WAS

(Continued From Page One)

Had I was prohibited from having any interest with Boland.

Williams later said he did not remember anything about giving such an assignment after he had negotiated for the claim properties. He did sign one before Boland told him where the claim was and before he got the option.

Chairman Clayton then proceeded to interrogate the witness.

Judge Archbald Silent Partner.

Q Who was the silent partner in the assignment? A Judge Archbald.

Q What was he to do? A He drew up the papers.

Q What was Judge Archbald's interest in the claim banks? A A half interest.

Q For how much? A \$8,000.

Q Did he pay any money? A No.

Q Did you negotiate a sale of the claim property? A I did.

Q What were you to get for it? A

**Society Will Turn Out  
En Masse at Kirmess**

**MISS MARGARET MILLER AND MISS DOROTHY WOOD.**  
Two Young Ladies as They Will Appear in the Polish Dance of the Mordkin Ballet at the Kirmess Performance Tomorrow Night.

The general interest being taken in the Kirmess performance and in the magnificent Burns theater, even outside of the Pike's Peak region, is indicated in the large numbers of society people from Denver, Cripple Creek, Victor, Canon City and Pueblo, who will be present at the theater tomorrow night for Saturday matinee. Quite a number of reservations have been made by prominent people in these cities, and widespread publicity is being given to the event outside of this district by illustrations and stories in some of the Denver and Pueblo papers.

The first dress rehearsal will be held in the theater this afternoon, when all the dancers will appear in costume. The young ladies and children have all been working hard for the sake of sweet charity, and have their parts in popular phrase, "up to the minute." Undoubtedly, the performance will be the most novel ever seen in this city, and worth much more than the price of admission.

Society people in this district have given hearty support to the Kirmess, and are showing their appreciation of the program and the cause for which it is being given, by most liberal patronage. The boxes have all been sold for both performances, and practically every parlor and dress circle seat has been taken. The balconies, which are going at such an extremely low price, are being rapidly taken, and the prospects are that the house will be filled to capacity at both performances.

Two of the most beautiful dances in the Kirmess will be the Minuet, as presented by Isabelle Postlethwaite, Elizabeth Hoberlin, Grace Milne and Mildred Sheelien, and the Gavotte, by Dorothy and Helen Drummond, who are very accomplished little girls. The Minuet is attracting a world of attention, and the eight little children in this number are expected to make one of the big hits of the evening.

**NOVEL FEATURES AT  
THE MAY FESTIVAL**

The May festival to be held in the jungle Saturday, is given by the Young Men's and Young Women's Christian associations of the college, to raise money to send their delegates to the summer conference at Cascade and Estes Park.

The procession will emerge from the jungle promptly at 1 o'clock. After the dancers have disposed themselves on the grass, a contest between the men's societies will decide the choice of the May queen, who will throughout the evening crown a Swedish dance of the Seventeenth century will be performed in honor of the queen, as it was danced long ago to honor the valiant Gustavus Adolphus.

The Minerva society will repeat the polka and waltz around their blue-ribboned Maypole. A group of dancers in English costume will dance the Irish Varsouvienne; the freshmen girls, in a graceful dance, will present their flower wreaths to the judges; an ancient Swedish dance, portraying the wearing of a cloth known since the Eleventh century, will be given in the picturesque Rutevik costume, and a solo dancer will perform a fiery Hungarian Mazurka.

A freshmen sophomore big of war is also proposed.

After a song and Maypole dance and a short ensemble, the procession will reform and bear the May queen away. Everyone attending the festival is invited to remain for an out-of-door supper served in the jungle. Promptly at 8:15, the independent nominating convention will take place in Perkins hall.

**MOVING PICTURES WILL  
SHOW DANGER HOUSE FLY**

Moving pictures will educate the people of Colorado to the danger from the ordinary housefly. The state board of health has ordered films to be exhibited in Denver, Colorado Springs, Pueblo, Fort Collins, Greeley, Boulder and other Colorado towns, showing the possibilities of the fly as a carrier of disease. The filthy habits of the insect, its reproductive record and the cost in human lives annually forfeited through disease which has been spread by flies will be shown in moving pictures.

Explaining the pictures will be a member of the state board. This organization has plans for an anti-fly crusade this summer, which will eclipse anything ever before attempted anywhere.

The pictures will show, first, the fly's egg-laid in filth and reposing there. The scientific fact that the progeny of one fly in a year will be estimated together with the estimate that 170,000,000 years of human life is the annual cost in deaths from sickness carried by houseflies. This estimate is made from a reckoning of the age to which the average man and woman lives.

In screens this country pays \$100,000,000 every year, and this fact will also be shown in the pictures. The board will make an effort to interest club women in a campaign of education which will effectively cripple the deadly work of the fly.

**YOUNG MEN'S REPUBLICAN  
CLUB GIVES RECEPTION**

The El Paso County Young Men's Republican club gave an informal reception and dance at its club rooms in Colorado City last night. The members and lady friends spent the evening in the game rooms of the club and in inspecting the building, which has been completely renovated.

A program of music was given, and the president, Emil Stocker, made a short speech of welcome on the opening of the club rooms. Wednesday and Sunday evenings will be known as ladies nights. The club will give a banquet tomorrow night, at which about 100 guests are expected. The club rooms will be decorated for the occasion.

**INVENTOR METAL CAR  
SEAL IS IN SPRINGS**

W. K. Edgar of Lawrence, Kan., president of the Metal Car Seal company, is in Colorado Springs. Mr. Edgar is an old-time railroad man and was a resident of this city 12 years ago, when he was employed by the Santa Fe. He is the inventor of the metal car seal manufactured by the company, of which he is president, and says the new seal will revolutionize the system of car sealing now used by the railroads of the country.

**DECLAMATION CONTEST  
HIGH SCHOOL TOMORROW**

The annual Wright declamation contest of the high school will be held in the school auditorium tomorrow morning at 8:30 o'clock. The judges will be Mrs. W. H. R. Stote, the Rev. S. E. Branstetter, pastor of the First Christian church, and Willis E. Strachan. The program is as follows:

Tribute to Washington..... Col. Price  
Henry's Speech..... Henry  
Reveries to the Carthaginians..... Kellough  
Harold Perry..... Kellough

**Report Colo. Industrial  
Institute Is Announced**

The annual report of the Colorado Industrial institute at Pueblo has been presented to the colored people of Colorado Springs by the secretary, M. J. Hayes, who was here yesterday. Many white, as well as colored, people of this city have made donations to the school, which is the only one of its kind in Colorado. Matt M. Jones and Dorsey Simpson, both of this city, are members of the board of regents.

The school is planning to open its own quarters next year, when it will be prepared to do more efficient work in the industrial education of negro youth. Following is the annual report: From October 10, 1910, to May 1, 1912, money received in cash donations..... \$1,850.50  
Tuition from students..... 350.00  
Total..... \$2,200.50

**Expenses.**

Leon V. Ahmrahl, member of a prominent Brooklyn, N. Y., family, has arrived in the city for a short stay. Mr. Ahmrahl is a frequent visitor in Colorado, usually putting in part of the summer months camping in the mountains.

**Might Be Dead Today**

Garden City, Kas.—In a letter from Mrs. James Hamper, of this city, she says: "I firmly believe that I would not be alive today, if it were not for Cardui. I had been a sufferer from womanly troubles all my life, until I found that great remedy. I feel that I can't praise it too highly." Are you a woman, suffering from some of the troubles to which a woman is peculiarly liable? If so, why not try Cardui, the woman's tonic? You can rely on Cardui. It is purely vegetable, perfectly harmless, and acts gently but surely, without bad after effects. To tell help you. Ask your druggist.

**TO REPEAT EASTER PROGRAM**

The elaborate Easter music at the First United Presbyterian church, corner of Huerfano and Nevada, will be repeated Sunday night, beginning at 8 o'clock. The program follows: Opening—"Thou Wilt Keep Him"; Anthem—"He Is the King of Glory"; Anthem—"I Will Lift Up Mine Eyes"; Anthem—"I Will Praise Him"; Anthem—"The Earth Is the Lord's"; Anthem—"As Pants the Hart"; Prayer; Anthem—"O Praise Our Lord"; Bible Song—"No. 148"; Benediction.

**DENVER PASTOR AT  
ALL SOULS SUNDAY**

The Rev. David Usher, D. D., of Denver, will speak at All Souls Unitarian church here Sunday morning on "Remembrances of Unitarians I Have Known." The pastor of the church, the Rev. Thomas S. Robent, will preach in Denver Sunday.

**COLORADO CITY NEWS NOTES**

The members of the Congregational church and others will observe next Sunday as Mothers day, and carnations will be generally worn. The pastor will give an address in the evening on "Our Mothers."

Street Commissioner Kelly has a force of men at work in the west end of Colorado City, putting the crossings in good shape and in general repair work. He says that those who work out their poll tax must furnish their shovels.

A concert will be given Thursday evening, May 16, at the Congregational church, by the Robinson family of colored singers. Dorothy Robinson Bagg, white, aged 5 years, who is said to be a pleasing child performer, will take part. The women of the church will serve ice cream and cake.

The Ladies Aid society of the Methodist church will give the following program in the church tonight: Music—Ladies quartet. Ruth Stuntz, Ella Brown, Anna Stuntz and Florence Hemenway. Reading—Marion Richards. Song—Fred Shantz. Vocal solo—Gladys Nichols. Reading—Mrs. Hamilton. Male quartet—Frank Brown, Ruford Blair, Harry Jackson. Reading—Miss M. L. Thomas.

A number of the merchants of Colorado City have started a movement to do away with the delivery system and to back it the market basket plan of marketing. Gus Perry, proprietor of the Avenue market, declares that it

**News of Local Courts**

The Manitou injunction suit has been set for argument in the district court this morning at 10 o'clock. The action seeks to restrain the school board from disposing of \$25,000 worth of bonds for the erection of an auditorium.

In the suit of H. A. Norton and John Herriett, operating under the firm name of Norton, Herriett, against Elizabeth M. Beavan, defendant, yesterday filed a motion in the district court asking that the complaint be made more specific and certain.

A motion for a new trial in the divorce suit of Charles J. Beavan against Elizabeth M. Beavan was denied in the district court yesterday. Beavan was ordered to pay his wife \$200 a month. Several months ago, when Beavan sued for a divorce, his wife was awarded \$10 a week separate maintenance. Beavan, it is alleged, did not pay it. Another hearing has been set for next Monday.

It would surprise you to know of the great good that is being done by Chamberlain's Tablets. Darius Dooney, a Newberg Junction, N. B., writes, "My wife has been using Chamberlain's Tablets and finds them very effective and doing her lots of good." If you have any trouble with your stomach or bowels give them a trial. For sale by all dealers.

**"THE NAUTICAL KNOT" IS INDEFINITELY POSTPONED**

"The Nautical Knot," which was to have been given at the Opera house tonight by Colorado Springs young people, has been indefinitely postponed. The cast and Dr. W. A. Murphy, who had the play in charge, failed to agree according to members of the company. It was to have been given some time ago for the benefit of the athletic association of Colorado college, but the college authorities withdrew from all connection with it. It is understood that the parts were well rehearsed and the opera ready for presentation when it was postponed.

**JUDGE LINDSEY TO TALK  
ON INITIATIVE MEASURES**

The regular meeting of the Civic league will be held tomorrow afternoon at 3:30 o'clock, in the Chamber of Commerce rooms, in the Burns building. Judge Ben B. Lindsey of Denver will speak on "The Proposed Initiative Measures." A full discussion is desired. The public is cordially invited to the meeting.

**CURIOUS OLD SORREL**  
**S.S.S. OLD SORREL**

If an old sore existed simply because the flesh was "laid at the particular spot, it would be a very matter to apply some remedy (about to the place that would kill the germ; or the disease itself might be removed by a surgical operation and a cure effected. But the sore that old sores resist every form of local or external treatment, and even return after being cut away, shows that back of them is a morbid condition which must be removed before a cure can result. Just as long as the pollution continues in the blood, the ulcer remains an open sore, and the deposit of impurities which the circulation throws off. S. S. S. cures Old Sore by purifying the blood. It removes every trace of impurity and returns the circulation, and thus completely does away with the cause. When S. S. S. has cleansed the blood, the sore begins to heal, and it is no longer a sore, but the healing process begins at the bottom; soon the change comes, the inflammation leaves, and the place is all right and healthy again. Under the purifying and toxic effects of S. S. S. the system is built up, and those whose health has been impaired by the disease of an old sore will be doubly benefited by its use. S. S. S. cures Old Sore and Ulcer, and any medical advice free to all who write.

## REFUSES WATER APPLICATION

SANTA FE, N. M., May 9.—State Engineer Charles D. Miller has rejected the application of Sacramento Valley Irrigation company for the waters of the Sacramento river in Utah county which has been in litigation for years.

He approved a "unique" drainage project that provides for the turning of artesian water and seepage from artesian wells into the Pecos river to be used 25 miles further down for reclamation purposes.

## HOME RULE MEASURE PASSES SECOND STAGE

LONDON, May 9.—The government carried the home rule bill on its second reading in the house of commons tonight by a majority of 101 as against 91 for the first reading. The vote was 372 to 271.

It was the most largely attended house of the present parliament. Both sides had done their utmost to secure every available vote. Mr. Balfour, former opposition leader and Mr. Churchill first lord of the admiralty, returned from Weymouth in order to be present.

The announcement of the measure showing an increased majority occasioned enthusiastic demonstrations on the government side, and the prime minister was given a great ovation on leaving the house.

The bill was referred to a committee of the whole house, but as home rule and Welsh disestablishment are being taken concurrently, it will now be the turn of the Welsh bill. The committee stage of the home rule bill is not expected to be reached until after Whitsuntide and probably will occupy a couple of months even with a liberal application of the closure rules, as the opposition is preparing an endless list of amendments, and will adopt every possible means to obstruct the measure.

Curiously, the second reading of the home rule bill coincides with the disappearance of the word conservative as the official designation of the Tory party. A conference of the Conservative and Liberal Unionist parties today finally resolved on a fusion of the two parties under the title of "National Unionist association." Thus the Liberal Unionists who seceded from Gladstone on his proposal of home rule now become part and parcel of the Tory party.

## GERMAN PRINCES COMING TO SEE U. S. SOCIETY

WASHINGTON, May 9.—Prince Christian Von Hessen-Philippsthal-Carlsfeldt and Prince Heinrich XXXVII Von Reuss, both young, unmarried and desirous of seeing American society, of which they have heard much, are coming to the United States with the German cruiser squadron, which will arrive at Hampton Roads in June.

With Rear Admiral Von Rebeur-Paschwitz in command of the squadron, and the other German officers, they will be received by President Taft and entertained here. Washington society will endeavor to outdo New York and Newport in extending hospitalities to them.

## The Best Enamelled Jewelry

is the Champagne enamel. It is of beautiful coloring and is made up in many forms. To those who are seeking small yet distinctive gifts of moderate expense this enamel will appeal strongly. For favors or prizes it meets every requirement. Ask us to show you a specimen of the Champagne enameled jewelry the next time you visit our store.

## SURGEONS OF FUTURE MAY USE PARTS OF DEAD BODIES IN RECONSTRUCTING LIVING

CHICAGO, May 9.—Miracles of surgery which involve the dismembering of dead bodies to reconstruct the living are declared to be possibilities of the immediate future by Dr. Roswell Park, professor of surgery of the University of Buffalo.

In a scientific article which dealt with his theories with a wealth of detail, Dr. Park told in the current number of the Journal of the American Medical Association now this could be accomplished.

The plan simply is to make practical use of the live organs that remain in the corpse of a man or woman. Since death may result from violent injury, to one organ, the brain or heart, for instance, Dr. Park says that the remaining live tissues may be grafted upon the body of an injured person with the same hope of success that Parkland exhibits in grafting a flower upon a tree or bush with which it has not before been associated by nature.

In this manner, according to his statement, practically every part of a body, with the exception of the diseased part, may be used with good effect in reconstructing a living.

Dr. Park says that, for instance, the heart and muscles, he says, may be used in carrying health and renewed life to at least fifty patients, by the use of only one body. Countless operations, therefore, looked upon as impossible, are declared possible in this way.

Dr. Park gives the following as an example of the possibilities of his plan: "Let a healthy young woman meet accidental and instantaneous death. It would be possible to use an indispensable portion of her body for grafting, or other justifiable surgical procedure. The arteries and nerves could be used, both in the fresh state, and the former even after preservation, for suitable transplantation or repair work on the vascular and nervous systems of a considerable number of other people. So also could the thyroid, the cornea, the ovaries and especially the bones.

Could Preserve Some of Material. "All the teeth, if healthy, could be replanted. With thin bones, ribs especially, plastic operations—particularly on the noses—of fifty people could be made. And then the exterior of the body could be made to supply any amount of normal integument with which to do heterogeneous dermatoplasty operations, or would furnish an almost inexhaustible supply of epidermis for Chinese grafts, which latter material need not be used in the fresh state, but could be preserved and made available some days and even weeks later.

A portion of the muscles might possibly be made available for checking oozing from bleeding surfaces of others, if used while still fresh and warm.

And possible portions of the liver, or some other portion of the remains might be utilized for some unusual purpose. Then what extracts or extracts might be prepared from other parts of the body, pituitary, adrenals, thymus, marrow, etc. The tendons might also be prepared for sutures. Every one of the procedures would give promise of success, the technique laid in every respect satisfactory.

But the possible limit is not yet reached, since with each kidney might be carried out experiments like those of physiologic junkies such as—

one, say in the neck, connecting up the renal vein with the jugular, while some receptacle would have to be provided as a terminal for the ureter."

**WOMEN REFUSE USE OF  
PHONE FOR EMERGENCY**  
CHICAGO, May 9.—"For God's sake, madam, please let me use this wire to summon help, there is a little girl here with her leg torn off."

Somewhere in Chicago there is a woman, who was using a party telephone wire for the idle gossip, and refused this frantic plea, for her answer: "This line is busy; kindly keep out, and attend to your own business."

Nora Crowley, aged 9, and Julia Crowley, aged 12, were crushed to the concrete pavement and against an iron fence by an auto truck. One of the neighbors rushed to the nearest telephone with the result, noted above, and was forced to race four blocks to find a physician.

While the woman held the telephone with silly chatter, the children lay suffering on the pavement.

Free lessons given at all times by expert teachers in our fancy art section, 2nd floor.

## HONOR DRAFTERS OF FIRST CHARTER LAWS OF OHIO

CHILLICOTHE, O., May 9.—Ohio constitution makers today turned back to the spot where the first charter laws of the state were drafted, 114 years ago.

To pay homage to the makers of the state's first history, delegates, employees and attaches of the fourth constitutional convention moved in a body from Columbus to this city, Ohio's first capital. The court room in Ross county court house, where the session was held occupies the ground floor where the first state house stood. Many of its furnishings are scarcely less historic than its location.

The long oak table at which President Bigelow presided is the same table on which the first constitution of the state was signed.

At the table where the first constitution was signed, the delegates, employees and attaches of the fourth constitutional convention moved in a body from Columbus to this city, Ohio's first capital. ## Thousands of Workmen on D. & R. G. Improvement Work During This Summer

DENVER, May 9.—Between 8,000 and 10,000 men will be put to work on Denver & Rio Grande improvement and the expenditure of millions of dollars in Colorado and Utah will be made this summer.

Official advices were received by Vice President E. L. Brown this morning that the directors had yesterday approved the new improvement budget calling for an expenditure of approximately \$10,000,000, and that the budget is expected to reach Denver Saturday morning.

The expenditures authorized include \$450,000 for shop improvements in Denver, Pueblo, Grand Junction, Salt Lake City and other points; \$3,700,000 for making a 14-mile detour over Soldiers Summit, Utah, and building 62 miles of second main line track; about \$2,500,000 for general improvements, and \$2,500,000 for the Western Pacific.

This means that one of the largest armies of laborers ever put to work in the west on one project will soon be in the field.

## SHIP LIFE NOT SUITABLE FOR MILLIONAIRE TRAMPS

SAN FRANCISCO, May 9.—Three millionaire tramps who left here seven weeks ago on a trip around the world came to the end of their journey here, according to advices received here.

The millionaire tramps are George D. Little, A. R. Dupont and Sidney R. Fraebel, the last named being a son of the former governor of Missouri. They are all college men. After traveling to this city from Los Angeles in box cars, the trio signed as able seamen on the four-masted schooner Edward Sewall, bound for Philadelphia via Cape Horn with a cargo of sugar.

On the second day out the skipper piled all hands on deck to handle some of the cargo. The collectors responded, but Little engaged in an argument with Captain Quick, whereupon the skipper said to have used regular sea tactics in subduing the mutineers.

Little, who is a lawyer, secured his discharge at Honolulu and is said to have brought suit against the captain for \$30,000.

As a means of ventilation, 30,000,000 cubic feet of oxidized air will be pumped every day into the railway tunnels of London.

## WOMAN KILLS MAN WHO LEFT HER, AND HERSELF

LOS ANGELES, May 9.—Peter Walker, a wealthy contractor who recently completed a large part of the government work at the Yuma Irrigation dam, was shot and killed Sunday night by Mrs. Anna Dewey of Huskell, O., said to be the daughter of a former congressman. Mrs. Dewey committed suicide.

The tragedy occurred in the apartment of the woman, probably last Sunday, but the bodies were not found until yesterday when a police investigation, revealed the fact that at the time of his death Walker was negotiating with his wife for a reconciliation.

Alexander Kaslowski, the 21-year-old girl who masqueraded as a man for two years, working in the mines near Erie, Pa. Her sex was only discovered recently when she was injured by a slide of earth and rock in the mine where she was working as a laborer.

## Greatest American Suffrage Demonstration

Section of the great suffrage parade in which 15,000 women and 2,000 men marched in New York, May 4. The long columns of advocates for women, including representatives from every state in the union stretched over 2 1/2 miles.

### REBELS CLOSE

(Continued From Page One.)  
The rebels were today reported to be closing another assault on Manzanilla. The rebels on both sides were said to have been great interest, centers tonight in Manzanilla, with the idea of attacking the rebel columns of the rebels.

General Huerta and his forces were believed to be closing another assault on Manzanilla. The rebels on both sides were said to have been great interest, centers tonight in Manzanilla, with the idea of attacking the rebel columns of the rebels.

Loyal Troops Report Victory.  
MEXICO CITY, May 9. In an encounter between the rebels and the loyal troops, the rebels were defeated. The rebels were reported to be closing another assault on Manzanilla.

### Dr. Slocum and Denver Man Address Closing Session Association

Allison Stocker of Denver, moderator of the state association of Congregational churches, gave the address of the evening at the closing session of the Arkansas Valley association in Manitou last night. He spoke on "The Call of the Hour," emphasizing the statement that the church must be awakened to the industrial, social and moral problems of the day.

Dr. William F. Slocum, president of Colorado college, gave the address in the afternoon, on "An Educated Ministry." He told of the work that trained men are doing in every part of the world and of the increasing need for men who have trained minds as well as a desire for service.

General Huerta asking for more details. General Huerta sent a further message which read:  
"The field has not been going over since the battle, only finished at 4 p. m. The rebels were seen carrying wounded from the field in rear automobiles. These are supposed to be rebel leaders."

### BRYAN PUBLISHES LETTER

Gives Out Document on Which He Based His Charges Against Harmon Workers

CINCINNATI, May 9. Charges from William J. Bryan, that friends of Governor Harmon had sought to influence Bryan-placed delegates to the Democratic convention, started the Ohio executive committee to publish a letter, and tonight from Mr. Bryan the publication of the letter on which he says the charges were based.

The letter was made public here by Harold Garber, who said it was addressed to State Senator Frank T. Dore of Tiffin. It was signed Michael Devanney, of Cincinnati and was in part:  
"Cincinnati, June 29, 1908.  
Dear Sir: In a conference with our mutual friend, Mr. [redacted], I discussed the matter of your being in touch with the two delegates from the [redacted] district. He advised that you see Mr. [redacted] and have him see the delegate of that place whose name he did not remember and have him meet Mr. [redacted] of [redacted] on the evening of July 2, so that arrangements may be made for the trip to Denver."

Mr. Garber is a member of the Democratic national committee. He declined to make known the names of those involved in the letter.  
Unvarnished Lie, Says Devanney.  
CINCINNATI, May 9. Michael Devanney, campaign manager of Governor Harmon, made an emphatic denial tonight of the charges brought against him in the letter produced by William J. Bryan.

Mr. Devanney, however, did not deny writing the letter, but said he would have nothing to say until he saw it.  
"When Mr. Bryan says that I attempted to purchase delegates in Ohio for Governor Harmon," said Mr. Devanney, "he is telling a plain, unvarnished lie. For never, either directly or indirectly, was any attempt made by me to purchase any delegates for anybody."

When Governor Harmon returns from Cleveland tomorrow morning, after making an address before a union of foreign organizations, to which he will confer with his campaign managers, he will make an effort to offset the effect of Colonel Bryan's attacks upon him.  
Although it had not been definitely decided, it was stated this evening that Governor Harmon may spend all of next week on the stump.

### CARDINAL TO BUY YACHT

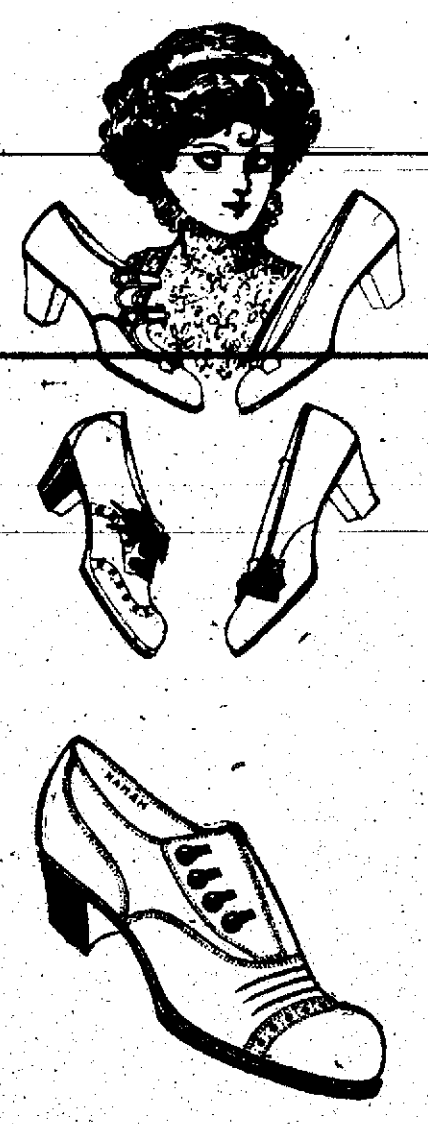

BOSTON, May 9. Cardinal O'Connell is taking up yachting as a diversion this summer. He is at present negotiating for the purchase of a fine steam yacht, which is stored at Marblehead. If the cardinal buys the yacht, it is understood that he will spend much of his time in Marblehead waters this summer.

Lloyd has insured people against many strange things, but few quainter inquiries have been made than that of an undertaker, who asked the other day at what price underwriters would relieve him of any liability from shocks caused to private people by his coffins being taken to the wrong houses at night.

### STENZEL ECZEMA LIQUID

Stops itching instantly and cures eczema permanently. A few days after using, the disease begins to disappear. Price \$1. Sold in Colorado Springs by Robinson Drug Co. Sent anywhere by express by Park Chemical Co., San Antonio, Texas.

### RAILWAY OFFICIALS ARGUE AGAINST THREE-CENT FARES

SANTA FE, N. M., May 9. The traffic managers and other officials of the Santa Fe, the El Paso & Southern, the Southern Pacific, the Denver & Rio Grande, the Rock Island, the New Mexico Central and the Rocky Mountain, St. Louis & Pacific railroads appeared here at a public hearing tonight before the senate and house committee on railroads. They argued against the passage of a recent-a-mile passenger rate law, and other restrictive railroad legislation now pending. Representatives of organizations of railroad employees also attended.

### WOMAN'S HOME MISSIONARY SOCIETY MAKING PROGRESS

MINNEAPOLIS, Minn., May 9. Admissions and reports concerning the Woman's Home Missionary society and the board of foreign missions, occupied the attention of the general conference of the Methodist Episcopal church, according to the reports, both organizations have progressed during the last four years.

The Woman's Home Missionary society, according to the report read this evening, in 1908, of its existence, has acquired property amounting to \$2,360,244, which is used for homes, missions and hospitals. The work of the society is done among southern whites, negroes, Mormons, Indians, immigrants and foreign population of large cities.  
Among the speakers this afternoon was Mrs. Cotton Mather, Fort Collins, Colo.  
At the evening session, given over to the work of the board of foreign missions, addresses were made by Bishop Frank Worme of Indiana and Bishop William Lewis of China.  
The question whether negro churches of the south shall have a bishop of their own race is to be settled on the floor of the conference tomorrow, the committee appointed to consider the question, recommending that the constitution of the church be amended to permit such action. If the conference approves the amendment, it is probable that the first negro bishop of the Orleans will be elected to the position.

Opera Singer and Her Husband Who Will Fight for Confidence

He has mastered the many art of self-defense Maurice Maeterlinck, the noted Belgian author, has announced his intention of engaging in a bout with George Carpentier, champion middleweight of France. The bout will be one of the chief features of a charity fete.  
In China, married women preserve their own name after marriage; the name of a person being regarded as very important in that country.

### BEVERIDGE AND PINCHOT WIND UP STUMPING TOUR

LOS ANGELES, May 9. Gifford Pinchot and ex-Senator Albert J. Beveridge began the last round of their California stumping tour today in the orange belt. Both devoted some attention to the allegation of the Taft supporters that Congressman Kent, a candidate for Roosevelt delegate, is a free trader. The citrus industry is dependent in great measure upon tariff protection.

Pinchot and Beveridge delivered a number of speeches in the orange towns today, and will end their campaign Saturday night in Los Angeles, where both will address a mass meeting in the interests of Colonel Roosevelt.

Secretary of State Knox, in a private car attached to the troop train which brought Company C, Twelfth Infantry here on the way to its new station at San Diego, came as far as Santa Barbara, where he and his party stopped for several hours.  
The total output of coal from the mines of the United Kingdom was 24,417,000 tons in 1910, a 10 per cent increase over the output of 21,860,000 tons at the pits' mouth of 1908, 374,354.

## Kentucky Derby Is Big Track Card Tomorrow

### First Classic Marks Opening of 38th Meet at Churchill Downs

LOUISVILLE, Ky., May 9.—One of the most famous horse racing events in the world, the Kentucky derby, will be held at Churchill Downs tomorrow. It is the opening of the 38th annual meet. The race is run over a distance of one and a half miles, and is the only race of its kind in the world. The winner of the derby is entitled to a purse of \$250,000. The race is run on the first Saturday in May. The Kentucky derby is one of the most famous horse racing events in the world. It is the opening of the 38th annual meet. The race is run over a distance of one and a half miles, and is the only race of its kind in the world. The winner of the derby is entitled to a purse of \$250,000. The race is run on the first Saturday in May.

## BERLIN IS LIKELY TO HOLD NEXT OLYMPIAD

NEW YORK, May 9.—It is the first time since the days of ancient Greece, a government is conducting an Olympic. Building the stadium, supervising the games and more important still, footing the bills. Despite the widespread publicity attending preparations for the games at Stockholm next July there has been practically nothing said regarding this important phase of the event, and Prof. William M. Sloan of this city, a founder of the Olympic games, was the only one who could explain the situation. Professor Sloan, who is still a member of the International Olympic committee, believes the fact that the Swedish government is running the games to be held next summer marks an important epoch in the history of the revival of this historic event. Incidentally he said that it is practically certain that Berlin will be the scene of the next games after the Olympiad at Stockholm.

## THE BASEBALL SITUATION

Ira Bidwell, president of the Rocky Mountain Baseball league, was in Colorado Springs for a short time yesterday, and while here assured the business and professional men who are raising a fund to build a new ball park that the league, comprising a six-club circuit, would be organized and operated as outlined. It may be stated upon the authority of those who are in accord with the effort to secure league baseball in Colorado Springs this summer—men who are doing all they can to bring about the success of the proposition—that they are going right ahead with their campaign to raise the necessary funds regardless of the slaps that are being taken at them by those who have apparently appointed themselves, voluntarily to be sure, as guardians of the public pocketbook. Just because there are some who are not in favor of having Colorado Springs represented in the Rocky Mountain league, another slur was directed at the committee of 100 last evening when it was referred to as "the element which is trying to saddle upon the city a Class D baseball club," etc., although the committee members among its members some of the best-known men in the city. The committee is not yet ready to come to the decision that Colorado Springs does not want a berth in the Rocky Mountain league, and its members will continue their campaign to raise funds for the park until they are satisfied that the majority is not in favor of the plan. When the baseball project was first outlined it was pointed out in these columns that the proposition was up to the baseball committee of the Chamber of Commerce—appointed for the purpose of ascertaining public sentiment regarding the matter. The writer agreed to give publicity in this department to the work of the committee, and will continue to do so until the financial arrangements are completed or until the committee decides against the project, as the case may be.

## STEWART BEATS SMITH IN HARD-FOUGHT BOUT

NEW YORK, May 9.—Tom Stewart, Brooklyn, defeated "Champion" Smith of Chicago in a hard-fought bout here tonight. Smith, a former world champion, was defeated by Stewart in a ten-round fight. The fight was one of the most exciting of the season, and drew a large crowd to the arena.

## BAND MET PUEBLO JIM AT LAS VEGAS

LAS VEGAS, N. M., May 9.—A band of musicians met Jim at Las Vegas, N. M., today. The band was playing at the local club, and Jim was in the audience. Jim was seen talking to the band leader, and they appeared to be in good spirits.

## FOREIGN ENTRIES NAMED FOR COMING SKY RACES

NEW YORK, May 9.—A list of foreign entries for the coming sky races has been announced. The entries include several well-known pilots from Europe and Asia. The races are scheduled to take place in the near future, and are expected to be very exciting.

## Third Base Is Hardest Infield Job to Handle

### Tommy Sheehan Tells How to Play the Most Difficult Corner

By TOMMY SHEEHAN.  
Third base is the most difficult position in the infield to play. It is the corner where the ball is most likely to be hit, and the player must be able to handle it with skill and speed. Tommy Sheehan, a professional player, tells how to play this position. He says that the player must be able to handle the ball with both hands, and must be able to throw it accurately. He also says that the player must be able to handle the ball with his feet, and must be able to slide into the base. He says that the player must be able to handle the ball with his head, and must be able to keep his eyes on the ball. He says that the player must be able to handle the ball with his heart, and must be able to play with courage and determination.

## STEELE GIRLS DEFEATED LOWELL TEAM 69 TO 4

Three hundred people saw the Steele girls defeat the Lowell team in a basketball game here last night. The Steele girls won by a score of 69 to 4. The game was one of the most exciting of the season, and drew a large crowd to the arena.

## BOWLING NEWS

The Westerners won two out of three from the Veterans at the overland last night. Tonight there will be a special match game between the boys and the Veterans. Last night's game was a close one, and the Westerners won by a score of 100 to 90.

## TIGERS AND MINERS IN DUAL MEET HERE

Members of the Colorado College track team will be given a final workout this afternoon in preparation for tomorrow's dual meet with the State School of Mines to be held at Washington field. The Tigers should win the meet by a comfortable margin. If weather conditions are favorable, Captain Scott in all probability will be sent away in the two-mile run, with the view of breaking the state record for that distance. The Tiger leader is the best distance man in the state, and it will not be surprising to see him clip several seconds from the record. He has been showing up unusually well in practice, and great things are expected of him tomorrow. Sinton and Johnston in the pole vault; Sinton in the high jump; Muncester in the hurdles, and Knott in the weight events, are regarded as practically certain winners for Colorado college. Others on the Tiger team are showing good form also, and will be sent into tomorrow's meet with instructions to show their best efforts. The baseball team will play the Miners at Golden this afternoon.

## PACKKEY TO REMAIN IN LIGHTWEIGHT DIVISION

By T. M. ANDREWS.  
MILWAUKEE, May 9.—The local boxing community was surprised to learn that Packkey, who has been fighting in the heavyweight division, will remain in the lightweight division. Packkey is a very strong fighter, and has been winning many fights. He is expected to fight again in the near future.

## OFFERS \$15,000 FOR WOLGAST-PACKKEY BOUT

SAN FRANCISCO, May 9.—Tom Jones, manager of Al Wolgast, said today that he would accept the offer of \$15,000 for a fight between Wolgast and Packkey. The fight is scheduled to take place in the near future, and is expected to be very exciting.

## NEW YORK MARKET

NEW YORK, May 9.—The tone of today's stock market was more gloomy than in any other day last Friday, when prices advanced their first step in some weeks. Dealings were again in moderate volume, but the movement was fairly robust. All the standard issues advanced with the market, and activity in the United States Steel and Reading. The former rose sharply in the early afternoon.

In the final hour the market reversed itself, beginning with further declines in the steel group, which fell 12 1/2 points, and prices in four years. A selling movement then ensued which wiped out the greater part of the previous rise and some of the gains.

The break in prices central was attributed to the heavy losses the property is supposed to have incurred as a result of the disastrous floods in the Mississippi valley.

Reduction in the Bank of England discount from 5 to 4 1/2 per cent was one of the most important developments of the day. The new rate is the lowest in over a year, and only twice in the past 15 years has Great Britain's financial outlook seemed so wise to the world.

Crop news of the day lent confidence to recent advance prices. Dispatches from the northwest state that the weather of the week and good rains in the North Dakota and Minnesota had given a check to seeding. From the middle-west came additional word of more or less discouraging conditions, while the damage caused by rains in cotton country in some of the southern states was reported to be very heavy.

No change was reported in local money rates, the supply continuing abundant with demand comparatively light.

The bond market was fairly steady. Total sales, par value, aggregated \$3,500,000.

United States government bonds were unchanged on call.

Quotations furnished by Otis & Hough.

## CHICAGO MARKET

CHICAGO, May 9.—Prospects that wheat acreage in the northwest would be increased this year, owing to the government report on damage to the winter crop. Closing prices were about 1/2 cent higher than last Friday. Corn advanced 1/2 cent to 1 1/2, and soybeans 1/2 cent to 1 1/2. Provisions were in demand to see below.

Deaths and Funerals

The funeral of Mrs. Martha C. Fisher will be held from the residence, 521 Mesa road, tomorrow afternoon at 2 o'clock. Friends are invited, but are requested to omit flowers. Interment will be in the Garden cemetery.

Mrs. J. A. Harris, for many years proprietor of the Grand Hotel at Seven Falls, South Cheyenne canon, and well known in this city, died yesterday morning at St. Joseph's hospital, in Denver. Her husband was photographer. No arrangements for the funeral have been made except that the body will be brought here for burial.

The funeral of Mrs. Russell Barnes was held yesterday morning from the residence, 117 North Nevada avenue, between 6 and 7 o'clock. Interment in Garden cemetery.

Edward Rogers, the 17-year-old boy, who was killed by a car at 221 East 10th street, died last night at his home after a short illness. The father, William Rogers, died about a year ago. The funeral will be held from the residence at 230 1/2 North Nevada avenue, tomorrow afternoon at 2 o'clock in the Garden cemetery.

**HENDERSON IS ASKED TO ADDRESS WYOMING ASSN.**

Secretary Henderson of the Chamber of Commerce yesterday received a request from the Wyoming Publicity association to speak on "Publicity" before a meeting of the association in Cheyenne next Tuesday. The membership of the organization extends throughout the state, and the meeting was called by Gov. J. A. Custer. Secretary Henderson has not decided whether or not he will attend the meeting.

**AGED COUPLE WED AFTER YEARS OF SEPARATION**

FORT COLLINS, Colo., May 9.—William Fulton, aged 72, and Mrs. Ella Harrington, 79, who were married here last night, until last Saturday night had not seen each other for 40 years.

They were schoolmates living in Cleveland, O. They separated, she coming to Colorado and he moving to New Mexico, each marrying and raising a family.

At the merry chance two years ago they came in touch again, found that the mate of each was dead, and the correspondence, which followed, culminated in the wedding last night.

Both in spite of their ages, are surprisingly active. Neither appears to be over 40.

**GOLD STRIKE IN ALASKA**

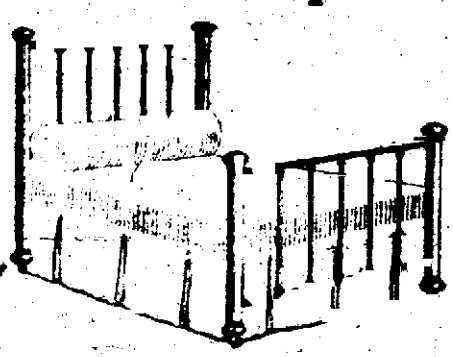

FAIRBANKS, Alaska, May 8.—The mail carrier from Kotukuk reported yesterday that a rich gold strike had been made on Hammond creek, a tributary of the Kotukuk river. Thirty thousand nuggets have been picked up. The ground is thawed to a depth of three feet. Other big finds have been made in the same vicinity.

Sweden's water courses are estimated to be able to produce 50,000,000-horsepower nine months in every year.

**WANTED**—A thoroughly up-to-date foundryman capable to manage an absolutely modern foundry. Full conditions will be stated in personal conference.
